RE: Letter of Recommendation

To Whom This May Concern,

EMS Aspects LLC developed our Department's Public Access Defibrillator (P.A.D.) program nine years ago and has partnered with us this entire time to build it to 55 deployed AED's and an entire department of trained personnel. They are professional, experts in their field, and continue to be dedicated to our relationship.

This valuable program has saved lives and has become a regional model for P.A.D. programs. I fully recommend this company. Should you have any questions please contact me at (505) 468-7100.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Linthicum", with a long horizontal line extending to the right.
